

November 17, 2011

Whom It May Concern,

My name is George Raymond. I am the Deputy Director for Facilities Maintenance and Engineering Office for the Centers for Disease Controls and Prevention (CDC) located in Atlanta, Georgia.

Four Season Environmental Inc. has been the facilities management provider for CDC facilities for over 20 years. They are responsible for over 4 million square feet of labs and office space here in Atlanta GA. Their performance in facility assessment services, capital budget projections and facilities maintenance and management has been excellent. It's a pleasure to work with people who know the meaning of efficiency. We have always been able to rely on their flexibility and courteous service.

I recommend them to you without reservation. Please call me or email me if you have any questions regarding my transaction with them. My number is (404) 639 – 3335. Or, feel free to send email to ghr6@cdc.gov.

Sincerely,

George K. Raymond

Deputy Director
Facilities Maintenance and Engineering Office
Centers for Disease Control and Prevention
1600 Clifton Road, N.W., MS: F-04
