

November 11, 2011

To whom it may concern;

In my experience throughout the Brookfield K12 Project, Brookfield, Ohio, I have found Four Seasons Environmental to perform at a very high level in efforts to ensure the highest level of quality for the Commissioning of the new K12 Building and Facility. From the start of the 250 Well Geothermal Well Field to the very last Functional check Four Seasons Environmental's experienced and quality staff went above and beyond expectations to verify the quality installation, operation, and training to the Brookfield K12 staff were met and exceeded expectations.

It has been a pleasure to work with Four Seasons Environmental with experienced and expertise such that Chris Rice and Jay Widner and great leadership from Mark Hayden.

Best regards,

A handwritten signature in black ink that reads "Dan Doyle". The signature is written in a cursive style with a long horizontal stroke at the end.
