Ronald Winkler

TOGETHER WE'RE  
BETTER

January 22, 2013

To Whom It May Concern:

On behalf of the Switzerland of Ohio Local School District new building team, we would like to commend Fours Seasons Environmental for their efforts on our six-building project. We have been very pleased with their performance, particularly with Chris Rice, throughout the course of this project. We have already moved into three new buildings with one move scheduled for March 2013, one in January of 2014, and the last in August of 2014.

Throughout the project, we have been impressed with Chris's knowledge and experience but feel particularly fortunate that he is on "our side." He has "gone to bat" on many occasions to see that we get what we are supposed to have from all parties involved in the construction. We have observed him to be very demanding of contractors to pay special attention to specifications which ultimately leads to the proper functionality of each commissioned system.

It has been reassuring to have Four Seasons as our commissioning agent and highly recommend them for similar work.

Sincerely,

Larry Elliott

Superintendent

Marc Ring

Director of Support Services
