RE: Reference Letter

Dear Mr. Tarkington,

It is my pleasure to offer this reference letter for your firm Four Seasons Environmental, Inc. (FSE). Gilbane was the Construction Manager for the HVAC Upgrades and Renovations to the Kent State Tri-Tower Residential Housing project. FSE provided a high level of quality service and customer satisfaction for the project. Your firm provided Commissioning service for the project that was a major reason for the three buildings achieving LEED Certification.

I would like to specifically reference the work Bob Stokes provided throughout the two-year project. Bob was very professional, organized, and worked well with all parties (University, CM, subcontractors). In addition, Bob provided the required documentation in a timely manner that was complete, accurate and in a format that was easy to understand.

I would highly recommend FSE and Bob Stokes for any projects that require commissioning services. In addition we look forward to working with FSE on future projects.

Sincerely,

Jeff Hutchison
