Four Seasons Environmental, Inc.  
43 New Garver Road  
Monroe, Ohio 45050

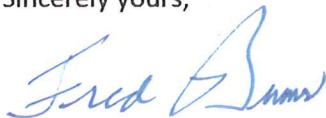

Dear Four Seasons and Mike Magyary,

This letter is to confirm your work as our Commissioning Agent. We had a good response from Mike during his visits and I believe he helped keep the project moving and the trades alert to some of our concerns. We have been in our new 6-12 building since 2013 (September). As with any project we had a few concerns, but we solved these in a timely and efficient manner.

This is my second project with Four Seasons. My first was in Southern Local in Columbiana County. There we did a K-12 facility, part new and part renovation. This also went well.

Mike Magyary came to weekly meetings once we got to a point he was involved. I can find no fault with Mike's work or Four Seasons. I would be glad to recommend their services to any district considering or involved in a new building or renovation project.

Sincerely yours,

Fred Burns  
Superintendent
